A. Filing Instructions:

1. Prior to submitting your application package, we encourage applicants to consult with the Town Staff for a preliminary review of the project or signage.
2. Applicants for property within the Commercial Highway Zone, Central Business Transition Zone or Central Business Zone must:
 - a) Complete and submit **10 hard copies** and **1 electronic copy** of the completed application (**Pages 1 and 2 only**) for the Design Review Board along with required supporting materials.
 - b) Receive approval from the Design Review Board.

B. Required Supporting Materials: Submit 10 hard copies and 1 electronic copy of the following:

1. Site plan showing building location, service areas, dumpster location, parking, and circulation, , lighting, fencing, screening and adjacent structures and roadways. (24" x 36" or larger)
2. Building elevations, in color, that are drawn to scale and clearly show all sides, proposed dimensions, materials, and colors. (11" x 17" or larger)
3. Sign design, in color, showing site location, dimensions, square footage calculations, materials, lighting, and master sign plan if required. For detached signs, provide an elevation showing the relationship of the sign to the building or provide a photograph if an existing sign is being used. (8 ½" x 11" or larger)
4. Landscape plan with a plant list including identification of species for trees, shrubs, groundcovers, and perennials. (24" x 36" or larger)
5. Written responses to all applicable sections of the Community Design Guidelines, for the C-H, C-B, or CB-T Zone explaining how the proposed project meets the guidelines.

C. Town of La Plata Commercial Community Design Guidelines:

The following projects in the Commercial Highway, Central Business and Central Business Transition District require approval by the Design Review Board:

1. New commercial, office, industrial, institutional and residential buildings; components of new buildings such as windows, doors, decorative elements and canopies; and orientation of new buildings with streets, pedestrian throughways, public amenities, and adjacent buildings;
2. Additions to or remodeling of existing commercial, office, industrial, institutional and residential buildings;
3. New fences and changes to existing fences;
4. The design, materials, lighting, size and color of new commercial signs and changes to existing commercial signs.
